❖ Register bob World via self-registration option using debit card details

❖ Please follow the steps given below:

1. Launch the bob World app after installing it in your Android device.
2. Grant mandatory permissions like location, phone, and SMS as and when prompted.
3. Select your preferred language and go through informative/educational screens.
4. Click “Login” button on welcome screen to begin your mobile banking journey.
5. Grant permissions, if not granted already, and proceed after granting permissions.
6. We need to send a one-time SMS to verify your mobile number.
7. Select SIM of mobile number registered with Bank and press confirm to send one-time SMS. (Carrier charges may apply)
8. App will display the mobile number from which Bank has received SMS.
9. Confirm if it is your registered mobile number. You’ll receive an OTP after confirmation.
10. Click on “select another number” button if mobile number displayed is wrong.
11. We will send a 6-digit OTP to your mobile number. Click on Verify button after OTP is auto-read by app.
12. Accept Terms & Conditions and proceed to register for mobile banking by entering your 14-digit account number, last 6-digits of your debit card and card expiry (MM/YY).
13. You will receive a 4-digit activation Key on your Registered Mobile Number and enter the same on application to proceed further.
14. Now Set your own Transaction PIN & Login PIN and submit.
